Increased Postal Service Wanted.

CLEVELAND, Sept. 23.—The special commission on postal railway service met here this morning and were met by the committee appointed by the Board of Trade and deputations from the leading mercantile and banking interests of the city who read statements in regard to the necessity of increased mail facilities. All agreed in the opinion that there was nearly 24 hours difference in the receipt of mails from New York and the Eastern States by the fast mail, and at the same time saved in remittances of exchanges and the collection of drafts and checks from towns on the line of the fast mail that the saving in interest alone was much more than the entire cost of fast mail. Mr Sherman, postmaster in this city, also gave particulars of the detention of mails by the withdrawal of the fast mail train and stated that he had no doubt the revenue of the department from the letter correspondence of Cleveland would be increased to such an extent by the fast mail as to equal the increased cost of the service which would properly be assessed upon Cleveland as her share, that the whole of the correspondence and a large portion of the newspaper mail that was sent by fast mail now goes by express, and pays postage in addition to the express charges.

Democratic Mass Meeting.

The Democrats held a grand mass meeting this evening. The public square was brilliantly illuminated with Chinese lanterns etc. The procession numbered 5,000 torches and 600 horsemen. There were several bands of music and addresses were delivered to large audiences in the public square by S S Cox, Samuel J Meany, of New York, and A M Keely of Richmond, Va. Senator Kernan, who was expected to speak, failed to arrive.

St. Louis Democratic Primary Elections.

ST LOUIS, Sept 23.—The Democrats hold primary elections in the city and county to day to elect delegates to the congressional conventions to be held next week. The principal interest is centered in the second congressional district, where Colonel Stayback made a spirited fight in opposition to Erastus Wells, the present incumbent. The result is not known yet. There was also a strong contest in the third district between W H Stone, the present member and Mr Frost, an entirely new aspirant for political honors.

Reduction of Coal Miners' Wages.

NEW YORK, Sept. 24.—A special dispatch to the *Times* from Port Richmond says: The Pennsylvania Coal and Transportation Co., operating in the middle and northern anthracite regions, are still reducing the wages of their operatives. The operators have reduced their miners' wages 15 per cent. and it is reported that another reduction will go into effect in all the regions controlled by the companies representing the lately broken coal combination. On October 1st a conference is to be held among the leading operators in Philadelphia to decide the matter of the contemplated reduction and suspension. The movement has aroused the indignation of the colliers and should the operators enforce the movement, it is possible that an open rupture will be inaugurated upon the part of the more dissatisfied and desperate working men, numbering 30 000.

Congressional Nominations.

KANSAS CITY, Sept. 23.—The Republicans of the 8th district to-day unanimously nominated Colonel N S Twitchell for Congress.

NEW YORK, Sept 23.—The Republicans of the 4th Massachusetts district have renominated Frost, 3d district have nominated W A Field.

The Republicans of the 4th Maryland district nominated J H. Butler.

Fraudulent Nomination Denounced.

MEMPHIS, Tenn., Sept. 22.—Barbour Lewis, Republican nominee for Congress in Memphis district, was denounced to night by the Hayes and Wheeler club, composed of all the white and a majority of the colored Republicans of this city. They charge Lewis with procuring the nomination by corrupt means and demand his withdrawal from the race and denounce and repudiate the convention that nominated him. They demand a call for a new convention.

Our Mutual Friend's Card.

NEW YORK, Sept 24.—Mutual Friend Moulton publishes a card signed by his late partners denying the statement that he had involved their firm in revenue frauds and had been compelled to retire therefrom in consequence.

Mexican News.

New York, Sept. 22. A *Tribune's* Washington special says Col John B. Nixon, quartermaster of the 24th U S infantry arrived to day direct from Brownsville Texas, and brings much interesting information regarding affairs in Mexico. The Revolutionists under Paffero Diaz are making strong headway, and indications are that they will succeed unless Congress, which met last Sunday the 17th, adopts certain compromise measures which have been proposed. Mejiah has been removed as Minister of War by President Lerdo, and is succeeded by Gen Escobedo. Fault was found with Mejiah on account of his course in prosecuting the war. Cortinas who escaped from the City of Mexico is besieging Matamoras with about 800 men and has so closely infested the place that Gen Revealtis commanding the government garrison is unable to obtain forage for his horses and is supplied by a contract in Brownsville. Cortinas issued a proclamation on the 8th declaring that when he takes Matamoras he will treat liberally with citizens and troops and will forget and overlook all past offenses against him or the Revolutionists cause. He intends to be friendly with the United States authorities and will aid them in quelling disorder along the border. He denounces Gen. Revealtis, however as an interloper with no real authority, and holding out only to oppress the citizens. Paffero Diaz, the head of the revolution is at Oaxaca in the south with 3 000 to 4 000 efficient and well armed men and from his great popularity is constantly receiving accessions to his force. The governor of the State of Tamaulipas, Gen Canales, has recently been issuing paper money, with which he has been purchasing large amounts of supplies. It is said he will soon pronounce for Diaz and this defection will be a serious blow to the government. Canales is a very able general. In 1866 while commanding the imperial troops under Maximilian he successfully defended Matamoras from the attack of the Fra[illegible] troops under the present Minister of War, Escobedo. He will be able to add 1 000 or 1 000 men to the Revolutionists forces.

THE SIOUX CAMPAIGN.

The Indians Refuse to Give up Their Guns

CHICAGO, Sept 24.—Specials of Sept 21 from Fort Sully, Dakota, say the disarming order has been met with open disaffection among the savages. Bull Eagle threatened to kill the garrison last night and the agency was placed under arms with artillery properly trained on the hills. Four hundred Brules left for the hostile camp lately and were joined by the greater part of the Cheyennes here. The hostiles are within 30 miles of Sully and are powerful enough to clean out the Northwest if so disposed. Gen [illegible] does not consider the scare sufficient to officially mention it, and preserves a determined front ready for any number of assailants, but there is no doubt of the result were they to visit us guarded as the posts are by skeletons of regiments.

Fort Sully Threatened by Sitting Bull

SIOUX CITY, Sept 24.—A telegram received to-night from Fort Sully says it is reported there that Sitting Bull is now within 30 miles of there with a large force, which is being daily augmented by Indians from different agencies who prefer to join the hostiles and keep their arms and ponies rather than to give them up and remain at the agencies. Four hundred Indians left Brule agency yesterday for the hostile camp. The Indians at Cheyenne river agency have not yet been disarmed. Kill Eagle, head chief of these Indians, sent General [illegible] word last night that he intended to kill all the soldiers unless they crossed the river. The troops were under arms last night and placed cannon in position for use in anticipation of an attack by the Indians. They expect trouble to-night. The Indians for several days have been threatening and impudent. General Buell is of the opinion that he has troops enough to give them the thrashing they are asking for.

Permanent Cantonment at Fort Reno.

CHEYENNE, Sept 24.—It has been permanently settled that a cantonment will be established at old Fort Reno this winter consisting of fourteen companies of infantry, two of the 4th, Captain Von Hermann from Fort Bridger and Captain Bisbee's from Fort Hartsuff, one of the 3d from Camp Brown and Captain Pollock's company of the 9th Infantry from Fort Laramie—the latter to be permanent commander of the cantonment.

General Merritt Ordered to Scout

General Merritt, who is now in the vicinity of Deadwood, has been ordered to scout across west to the Little Missouri on his way south. By the time he reaches the Platte, in two weeks, Crook expects to have a fresh command ready to take the field again in person for a vigorous fall campaign. General McKenzie with 4 000 cavalry will probably compose the expedition.

HELL GATE.

The Mine Primed and Ready for Explosion—Visitors Take a Last View of the Excavation.

NEW YORK, Sept 23.—The explosion at Hell Gate is the talk of the people and papers. Many visitors braved the storm yesterday to look for the last time at the excavation. Not a few ladies walked with perfect coolness over a mine of 50 000 pounds of the most destructive of known explosives. At ten last evening the wires were connected and taken into the bomb proof. The shaft was then entirely cleared of debris and the workmen ascended the stairs for the last time. When the miners reached the ground above cheers were given for Gen. Newton, Capt Mercer, Mr Boyle, Mr Streidongre and a successful blast. At 10 20 dispatches were sent to Washington that the work had been completed. At midnight Capt Mercer ordered the gate of the siphon opened and Barney Boyle turned the valve; water flowed through the iron pipe, resounding through the galleries with a roar of Niagara. The work has been completed without accident and all that remains is for a gentle inundation of the excavation. Patients who occupy the asylum building on Ward's Island will be kept in the air Sunday afternoon.

Gen. Newton's Reply to the Sabbath Committee.

Gen Newton has published a reply to the communication of the Sabbath committee. He says: "I was well aware of serious objections to appointing Sunday as the day of firing the mines at Hell Gate, but that necessity which I considered urgent compelled the step. Neither myself nor any of my substitutes would take the responsibility on account of certain probable consequences of delaying the explosion one day after all is ready, and this alone should prevent our action being considered by any one as desecration of the Lord's day."

Sanctimonious Dodge Sharply Rebuked.

William Dodge having addressed a long letter to Gen. Newton on his unnecessary desecration of the Sabbath, intimating that he was making a public show of the explosion, Gen. Newton forwarded the following reply:

I have read a communication from you dated Sept. 22d in which you decline an invitation from me to witness the explosion at Hell Gate on Sunday the 24th inst. As you take great pains to go out of your way to violate the common courtesies of social intercourse I take this occasion to inform you that I did not invite you or even know of your invitation until the receipt of your refusal to accept the invitation. I left the matter of invitation to the Chamber of Commerce and to Lieut Willard, U S Engineers, with instructions to invite a certain number of gentlemen. I regret to find that in one case he has made a mistake.

Your obedient servant, JOHN NEWTON,
Lt Col Engineers, Bvt. Maj Gen.

Preparation for the Explosion.

The general will leave this city to-morrow for Hallet's Point reef, where he will remain an hour or so to arrange the last preliminaries. Afterwards he will repair to the residence of Agent Lamar, Blowpot Rock Cave, from the grounds of which wires connect with the mine. He will be accompanied by several distinguished officers and one or two friends. No others will be allowed to come within the enclosure under any circumstances. A thousand invitations have been issued. Holders of these will be conveyed to the scene by four steamers, which will be assigned eligible positions beyond the safety lines.

A large force of police will go to Ward's and Blackwell Islands to assist the regular keepers in the care of the lunatics, prisoners and others in the numerous county buildings. The police will also be distributed along at intervals from which a view of Hallet Point may be had to keep away sight seers.

Hell Gate Blown Up.

NEW YORK, Sept 24.—Hell Gate was blown up at 3 P.M., New York time. The shock was slight in New York, and the explosion as heard in New York was only a rumbling noise with a slight tremor of the earth throughout the city, and the upheaval of two columns of water, accompanied with considerable rock, which all fell into the river. Hallett's Point Reef at Hell Gate was settled this afternoon. This triumph of American engineering conducted by General John Newton was completed in the precise time and manner intended, and without a single accident. About twelve o'clock streams of pedestrians crossed the city to the east side and vast numbers of strangers came to see what everybody expected would be a magnificent spectacle. The street cars going up town were loaded, and First and Second avenues, as viewed from the Heights, were black with people moving toward Ninth street. The house tops on the east side were crowded. Thousands of vehicles of every description filled the Heights and cross streets. Great alarm prevailed among the few residents and some houses were deserted through fear of rocks being hurled across the river, or a huge wave being caused by the upheaval. Every house in the vicinity had the doors and windows open as a matter of precaution, but the great mass of people had no fear whatever and spectators swarmed on the piers and low grounds directly in line with the rock where they would have drowned by thousands in case of a great wave coming. The police lined First and Second avenues and were stationed among the crowds on the rocks to be available in case of panic. The birdseye view of the point of interest was watched by 12 000 or 14 000 people at the heights between 82d and 9th streets at Third avenue where there are no houses.

The rock to be blasted lay beneath the surface between a little island and Hallet's Point. The government scow and police and emigration board steamer and hundreds of barges and row boats lay between New York and Ward's Island about opposite Eleventh street. At 2 o'clock a faint puff of smoke arose from the scow followed by the report of the first gun and there was an instant commotion among the crowd swaying about in fresh eagerness to get a good standpoint. Ten minutes later another report falls upon the multitude. The stillness was unbroken then until a third gun at ten minutes to three which was followed precisely at nine minutes to three by the explosion. In a straight and seemingly narrow line running north and south about 300 yards the water whirled and arose evenly three or four feet high, a dull thud was heard and the rocks trembled beneath the feet of the multitude, as from the quick short pulsations of an earthquake. The wave which appeared to remain stationary for an instant broke and surged up in regular dashes throwing up yellowish masses about twelve feet high mingled with dark smoke from the dynamite. Then it fell back and in a moment the river resumed its usual place and aspect. Then a mighty cheer arose from all the northwest side of the city and from the steamers and boats and steam whistles were blown and the bells rang out joyously and all was over. The report was scarcely noticeable and not so much as a ripple was caused upon the water save just over the spot where the explosion took place. There was no concussion in the air and not a pane of glass was broken in the city or on Ward's Island. Immediately after the explosion hundreds of row boats set out at their best speed for Hell Gate anxious to have the honor of first passing over the scene of the explosion. That the work was effectually done is the general feeling and this also appears from the fact that the police boat passed over the spot safely. Ward's Island was considered a favorable place to view the explosion and the applications to go there were numerous but the invitations were limited to a select party consisting of Mayor Wickham, Gen Arthur, collector of the port, Aldermen Lewis, Hess and Morris, Smith and ex Speaker Hitchman, Police Commissioners Smith, Wheeler and Nichols, Emigration Commissioner Forest, Education Commissioner Dowd, and a large number of city officials and police. Probably the finest view of the whole explosion was from the Heights a place some several hundred yards east of Hallet's Point. The ground is high and Hell Gate did not appear more than two hundred yards away. It was from this point that General Newton and the telegraph operators sent the electric fluid into the mine. Suddenly a cloud of water turned into white spray shot up just off Hallet's Point. This was followed by clouds of black smoke, rocks and lumber and at the same moment a heavy shock as though the ground rose up and gave one the impression of being lifted two inches. The sound of the explosion was not loud but low and rumbling and a deep cloud of yellow smoke followed by rocks and in ten seconds the water had become again level, no traces being left but a large yellow space caused by mud and other substances thrown up. At the works it was found that the cofferdam which surrounded the shaft was entirely gone. The small house which stood close by the shaft was thrown ten feet, but all other buildings were just as before the explosion. The affair was a complete success and the whole reef was thrown up. The tide has been materially changed by the explosion and now the current sets directly on the Hog and Little Mill rock. They will have to be exploded next.

Klickitat county will soon be celebrated for fine stock, particularly sheep, cattle and horses. W B Walker, Esq., has just brought into that county a fine Clydesdale stallion colt two years old past, which he purchased in Benton county, Oregon. This colt is over sixteen hands and weighs 1 500 pounds. Mr W has also some of the best cattle in the upper country, having purchased some of the finest bulls to be found in the State.

Says the Victoria *Standard*: A shocking accident occurred on Sunday night the 17th at North Saanich. The house of Mr Cook, farmer in that district, took fire during the night, and the unfortunate owner perished in the flames.

An Armistice Demanded

VIENNA, Sept 23.—Difficulty has arisen because the Porte before granting a prolongation of the armistice desires the powers to give their opinion in regard to its peace propositions. The powers on the other hand persist in demanding a conclusion of the armistice irrespective of the conditions. Russia, as they have from the commencement, insisted that the armistice was indispensable. They consider it would be derogatory to admit any kind of compromise on the subject. The powers also intend this attitude as a concession to Russia, she having throughout the negotiations determinedly supported an unconditional armistice. As the term of the present suspension of hostilities draws to a close the demands of the powers have become more pressing, some of them having tolerably plainly intimated that the Porte's refusal to grant an armistice would lead to the suspension of their diplomatic relations.

Agreement of the Powers on Conditions of Peace.

VIENNA, Sept 23.—The *Abend Post* (official paper) speaking of the prospects of peace, says: It is confirmed from authentic sources that all the Great Powers have come to an agreement regarding the conditions of peace to be proposed to the Porte. The programme drawn up by the British Cabinet will form the basis of the proposals. Steps will now be taken without delay, at Constantinople, to obtain the Porte's acceptance of these conditions and as the latter has already in principle signified its readiness to meet loyally the wishes of the European Powers so far as is compatible with the interests of the Turkish Empire there cannot now be much doubt that peace will be soon concluded.

Servian War News

BELGRADE, Sept. 23.—General Tchernayeff telegraphs Prince Milan that the Turks have withdrawn from Alexinatz. Abdul Kerim Pasha remaining with only fifteen thousand men. The Servian General Cholak, at Antich, reports twenty Turkish battalions stationed before Javon. The Turks are all concentrating in large numbers on the Drina. M Ristics, the Servian minister of foreign affairs, has sent a fresh note to the foreign representatives here, notifying them of three more violations of the truce by the Turks. He says they attacked the Servians on Tuesday at Dikava, on Friday at Jagachtitza and occupied Bonyok Island in the Drina. Ristics announces that no effect will be given to the army proclamation of Prince Milan as King, which he says was merely a solemn protest against the Turkish peace conditions.

LONDON, Sept 24.—A Reuter's telegram from Belgrade says preparations are being made to enable General Tchernayeff's army to carry on the war for a long period if an armistice is not concluded at the expiration of the present truce. Volunteers and contributions of money continue to arrive from Russia.

The Grand Council Fails to Meet.

VIENNA, Sept 23.—The grand council which was to meet to-day to settle the question of the armistice has not assembled. The foreign ambassadors will make identical communications on Sunday, informing the Porte of their decision relative to the condition of peace, and demanding a regular armistice.

Great Britain and the Transvaal Republic.

LONDON, Sept. 23.—It is understood that Sir J Stepston has been ordered to Port Natal immediately, trusted with special power to represent Great Britain in the Transvaal Republic, and to give assurance of the willingness of Great Britain to annex Transvaal if the inhabitants so desire.

MADRID, Sept 23.—The U S ship *Franklin* left Gibraltar yesterday for Vigo to embark Wm M Tweed, and his companion Hunt, for the United States.

War Demonstration in Belgrade.

LONDON, Sept 25.—The *Standard's* Belgrade correspondent says a great war demonstration was made Saturday on the occasion of the presentation to the legion.

The English Peace Propositions.

BRUSSELS, Sept. 24.—*Le Nord's* special from Constantinople gives the following as the points of the English proposed basis for the negotiation of peace: First an unconditional armistice, second the status quo ante bellum to be maintained as regards Servia and Montenegro with an extension of territory for the latter; third, a liberal provision for local autonomy in Bosnia, Herzegovina and Bulgaria.

LONDON, Sept 25.—The *Standard's* special from Belgrade Sunday evening says no news has been received of the conclusion of the armistice yet. England's basis for pacification will fall through. Russia is determined to carry on the war at any cost. The truce, which ends at midnight will be followed by an immediate resumption of hostilities. Preparations are making here this morning for the continuance of the war.

WASHINGTON CITY.

Military Recruits Sent South.

WASHINGTON, Sept. 23.—The Superintendent General of the recruiting service has been directed to forward 300 recruits to the Department of the South as follows: One hundred and fifty for the Second Infantry in Atlanta, 50 for the Third Infantry at Holly Springs, Mississippi, 100 for the Sixteenth Infantry at Huntsville, Alabama.

False Statement Corrected.

NEW YORK, Sept. 23.—The *Tribune's* Washington special says: The statement of Democratic papers that the commissioner of internal revenue has declined to answer Congressman Hewitt's letter about Tilden's income tax are false. Raum has not answered all the details of Hewitt's inquiries because the records in Washington don't contain the necessary information which is lodged in the office of the collector of internal revenue in New York only. Transcripts of all the records relating to Tilden were ordered upon the receipt of Hewitt's letter and will soon be completed when Tilden will be sued.

The Inter Ocean Ship Canal.

Commodore Ammen of the U. S navy is preparing a paper for the American Geographical Society describing the results of the various surveys for an inter oceanic ship canal across Central America made under the direction of the Navy Department. The paper is inspired by the recent visit of M Delon Drullict, secretary of the French Geographical Society, to urge a survey of the Isthmus. Commodore Ammen has submitted his memoranda to Commodore Lull, Lt Collins and other officers who have been in charge of surveys, for revision and comment.

Orders Sent to Take Tweed to New York.

WASHINGTON, Sept. 23.—Orders have been telegraphed to S. R. Franklin of the U S steamer *Franklin* to proceed to New York with Tweed instead of going to Hampton Roads as he was at first directed before it was determined to bring Tweed home on that vessel. On the arrival of the *Franklin* at New York Tweed will be surrendered to the authorities.

The Truth about the House's Bridge Riot.

WASHINGTON, Sept. 21.—Ex Governor Chamberlain passed through Washington to day on his return to South Carolina. It seems from dispatches received by him from Columbia within the last three days that the truth about the recent disturbances at House's bridge in Aiken county has not been fully stated. It is said that twenty five negroes were killed during Sunday and Monday last and only two white men reported killed. Dispatches were received by Governor Chamberlain and letters received by Senator Patterson this morning state the number of negroes killed are varying from 30 to 100 and that no whites were killed. The whites were from Aiken and Barnwell counties, South Carolina, and Columbia county, Georgia. It is said in these letters and dispatches that the pretended cause of the disturbances was an assault by two colored men upon a white woman, whose person they attempted to ravish, and one of the negroes was killed and the other escaped. Then followed the slaughter as above related during the two subsequent days.

Burglar Babcock's Trial.

WASHINGTON, Sept. 24.—Evidence for the prosecution of the Babcock case will close Wednesday when the counsel for General Babcock will move the court to direct the jury to return a verdict of not guilty, but this failing the evidence for the defense will begin.

The Jas. Lick Trust.

SAN FRANCISCO, Sept 23.—The new trustees appointed to carry out the conditions of Jas Lick's bequest have not yet succeeded in receiving a response from John Lick of Lynn, Pa. Next week Mr Tilton, attorney of the old trustees will commence the necessary legal proceedings in court to release the retiring board from all responsibility. The *Post* this evening publishes a column on the subject in which it is stated that recently under the administration of both the present and late board of trustees a number of eminent physicians have examined Mr Lick to ascertain if he is sound in mind and while they are reticent as to the result of their inquiries the trustees understand they consider him perfectly sane.

Bullion Mining Company Assessed.

The Bullion Mining Company has levied an assessment of $2 50 per share, amounting to $250 000; delinquent in the board on Oct 23d, and at the office on the 23d. The parties who control Bullion also control Justice, which a few days ago levied an assessment of $525 000. The sum of $775,000 is the largest assessment ever collected in a single levy from any two mines in this country.

Arrival of the Jamestown.

SAN FRANCISCO, Sept 23.—The training ship *Jamestown* arrived in port last night. Andrew Pettit, one of the boys connected with the ship, was drowned on the 2d inst by falling from aloft while practicing making sail.

Missing.

Since 8 o'clock Monday evening W F R Schindler, one of the proprietors of the *Abend Post*, a German newspaper, has been missing. He is a married man—48 years of age. His habits were temperate. Nothing is known to be wrong with his business affairs and no reason can be given for his disappearance.

Exchequer Assessed.

SAN FRANCISCO, Sept. 24.—The Exchequer mining company has levied an assessment of one dollar per share, delinquent in the office October 23d. This is the third mine controlled by Schultz & Von Bargen, Justice and Bullion being the other two, on which assessments have been recently levied. The reason reported for these assessments is that Schultz & Von Bargen have been carrying these mines by loans on their personal credit. The bears, in order to break the stocks, circulated the story that the firm had failed. These gentlemen then decided, in the face of this attack on their credit, to adopt other means to raise funds, and accordingly levied these assessments.

Fires.

SAN FRANCISCO, Sept 24.—A fire broke out about half past 3 this afternoon in the building occupied as a junk store, sail loft and dwelling on Stewart street, between Market and Mission, burning off the roof. The damage is inconsiderable.

Ten minutes after ten last night a fire broke out in the second story of the three-story frame house No 519, Mission street. Considerable damage was done before it was extinguished. The building was occupied as a boarding house. Loss, about $2,000.

It is reported that all the Hawaiian sugar in bond here will be shipped back to Honolulu for return under the provisions of the reciprocity treaty, thus avoiding the payment of duties.

Disinfection of Chinatown—A Filthy Hole

Yesterday the health officer's party began fumigating a Chinese hotbed of prostitution known as Sullivan's alley. Owing to the orders of the Six Companies, the alley was found to be in a less filthy condition than it has been for the last ten years. One case of convalescent smallpox was unearthed—that of a Chinese boy who had been prostrated with the disease for about four weeks. The dead body of a Chinaman, who died from consumption and neglect, was also discovered. The body was moved to the morgue. On Monday the remainder of the block between Dupont, Stockton, Jackson and Pacific streets will be fumigated. Chloride gas thus far worked well.

Trotting at Sacramento.

SACRAMENTO, Sept 23.—The attendance at the park this evening has lessened considerably. The first race was a trotting race for a purse of $800, best three in five, for the 2 26 class. Three started. The second heat was won by Whipple, Stanford 2d, Professor 3d; time, 2 30½. On the third heat, Whipple was again first, this time by half a neck, Stanford 2d, Professor 3d; time 2 30½. On the fourth heat, Whipple wins the heat and race, Stanford 2d, Professor 3d; time, 2 32½.

Escape of Prisoners from a Jail.

EUREKA, Sept. 22.—At 7 30 last evening, Buckley, under sheriff, while making his accustomed rounds through the county jail noticed that three prisoners named Bosqui, Vere and Packwood were not in their usual places by the windows of their cells and thinking all not right proceeded at once to make an examination which revealed the startling fact that the cells were empty and the prisoners gone. The escape was effected by sawing a hole through the partition which confined them to their rooms. Bosqui was indicted a short time ago for the murder of Spencer, U S paymaster's clerk, at Hoopa Valley. Sheriff Bull immediately offered a reward of $1 000 for Bosqui and $250 each for the others, who were confined for horse thieving. No clue to their whereabouts has been obtained.

Suicide.

SAN ANDREAS, Sept 24.—A very respectable looking and well dressed man about 65 years of age, came in town last evening on foot on the Stockton road, put up at the Metropolitan hotel and registered his name as R Montgomery, San Francisco. In the morning about 5 o'clock, the proprietor hearing an unusual noise in the stranger's room went in and found the man in spasms, but was still conscious. He told the landlord he had taken strychnine, a bottle of which was standing on the table, also a note to the coroner stating that he had taken poison. An inquest was held this forenoon, but as yet the man has not been identified.

Railway Meeting.

A large public meeting was held last night to hear the report of the committee appointed at the meeting of August 11th to wait on Earl Dufferin with the address on railway matters. Among the speakers were Hon R. Beaver, Hon. T B Humphreys and M W T Drake, Esq. The speakers claimed that the Dominion government had treated this province unjustly by neglect of railway construction and had insulted the people by the endeavor to obtain other terms. The following resolution was passed unanimously: "That in case the Dominion government persist in ignoring the Carnarvon settlement of the railway obligation of the Dominion to British Columbia it is the request of this meeting that our representatives in the Provincial Parliament shall at the next session record their votes for separation of British Columbia from the Dominion."

THE OREGON RAILROADS

Their Earnings and Profits.

MR. VILLARD'S REASONS WHY THERE SHOULD BE NO LEGISLATIVE INTERFERENCE WITH THEIR TARIFFS.

BOSTON, Mass., Sept. 18[illegible].

In adopting the freight tariff which went into effect on the 1st of June last the Oregon and California Railroad Company could in the nature of things, hardly expect that it would be favorably received by those who are unwilling to recognize the just claims of the owners and creditors of the road to a moderate income from its operation. For men everywhere are loth to consent to that justice which interferes with their own gains. The company were likewise conscious of the probability that their new policy would lead to new opposition on the Willamette river, in spite of the losses of hundreds of thousands of dollars which competition has heretofore brought upon those engaged in it. But this being a free country, with every body at liberty to use his capital in any way he chooses, we could not, and would not, complain of any competition or opposition that might spring up by land or river. But what we were not prepared for—as we supposed and still suppose the great majority of the people of Oregon to be sensible and fair-minded, and willing to deal by others as they would wish to be dealt by—were the threats that have been made in some quarters to coerce us by legislative measures into the adoption of such a freight tariff as would suit not ourselves but the producers and shippers of wheat, or, in other words, to *confiscate*, by dint of legislation the very scanty income which our property has yielded so far. Now, our good faith in the good sense of justice of the people of Oregon is such that we have no fears that their legislative representatives will listen to propositions so destructive to the true interest and future prosperity of the State, but as it is nevertheless likely that the legislative body about to assemble will be approached with propositions of the nature described, it may not be out of place to state the reasons that have led to the adoption of the present tariff, to express our view of the rights that attach to our railroad property, and to indicate the inevitable consequences of any attempt at violence to them.

As regards the first point, the existing tariff was adopted simply because the competition of last year and year before with the river interests had resulted in giving us an income not equal to even one-half of the low interest ruling in the old countries of Europe, and had precluded the possibility of making necessary improvements of our existing properties.

In a former communication to the public through the press of the State, we stated that the net receipts of the railroad company during the last business year had not exceeded $213 000 or less than 2 per cent. of the nominal amount of the bonded debt of the company, and little over 4 per cent. of the actual cost of the road, and this with the most economical management. These net earnings were derived from gross earnings, amounting for the year March 1, 1875 to March 1, 1876 to $502,370, and represent, therefore, about 38 per cent. of the *gross* income. In the business year 1874-75 the gross earnings from freights were $347,163, in 1875-76 they amounted to only $318,737 or a decrease of $28,430 for the year, or about 8 per cent. Considering the past and probable future river competition, we may well ask what other way was there for us to prevent our income from falling below the pittance heretofore earned than by an increase of freights? And to what extent will this increase of rates benefit us? To an excessive extent? Let us look at the figures. We stated the gross earnings in 1875-76 amounted to $318,737. The tonnage carried over the whole length of the road was 50,000 tons, of which 40,000 was derived from that portion of the road which competed with the river, *and for which alone there has been an increase of rates*, that is from Eugene City to Portland. The proportions of our gross earnings to the tonnage for the distance stated is $216,093. Now, supposing that the tonnage to be carried by the road between the points named will be the same this year as last—no well-informed person will contend that it will be greater—the increase of rates, which is equal, *on an average*, to 40 per cent of the rates of last year, will at the most bring our gross earnings from freighting up to $302,530. Deducting from this amount 62 per cent for operating expenses, we shall have left $114,962 as net earnings. Last year the net earnings for the distance mentioned, allowing also 62 per cent for operating expenses, were $82,115, thus showing that we shall be benefited by the increase of rates on the tonnage carried just to the extent of $32 847 and no more, that is less than *one third of one per cent of the interest of the company's bonded debt*. Who will say again in the face of these figures that the company is a greedy monopoly? Every just minded man must admit that we are more moderate in our expectations of profit than any private individual would be in his desires of income from his property. For, supposing we divided every cent of our net income, the bondholders would get a little over two per cent on their holdings, or in other words, less than one third they are entitled to. But we shall not be able to give them the whole benefit even of this pittance. For in the interest of the traveling and shipping public, we have made various expensive improvements, among which we would mention the new Clackamas bridge, costing $25 000 alone, the construction of twenty freight cars and the relaying of six miles of new rails. Again, willing and anxious to contribute as much as possible to the prosperity of the State by attracting immigration, we have spent and we are now spending ten per cent of our net income for immigration purposes. What other corporation, what other individual in the State makes such sacrifice for the public? And shall we be rewarded for our liberality by having our modest income violently taken away from us?

And right here we would submit another point for consideration. We are taxed by the State and counties through which our road extends to the amount of fully ten per cent of our net income and may well ask, whether this is not more than a just share of the public burden which we have borne however so far without complaint.

If our word as regards the above statement of the earnings of the Oregon and California railroad be not believed we will be glad to give a legislative committee access to our books to verify it.

To meet the complaints directed against the new tariff of the Oregon Central railroad, it will be only necessary to state that that road has never yielded one cent of income to the parties that furnished the money to construct it and that it has at no time earned more than the bare operating expenses. A diminution of its present small earnings would inevitably compel us to stop operating it as we cannot be expected to be satisfied with no income and subject besides to a constant drain to meet deficiencies.

Concerning our rights to the management of our properties in our own way, we would say that we invested our capital in railroads in this State, on the strength of the explicit assurance that a railroad corporation in Oregon had "*power to collect and receive such tolls or freights for transportation of persons or property thereon as it may prescribe*," which assurance is contained in section 36 [illegible] of the general laws on corporations in this State, and constitutes a guarantee of this power which cannot be violated by the legislative body of the State without coming in direct conflict with section 2 of article XI of the State Constitution, which provides distinctly that the legislature shall have no power to impair or destroy any vested corporate rights, and with article I section 21 providing that "No ex post facto law or law impairing the obligation of contracts shall ever be passed," which is as is well known but a confirmation of a prohibition of the Constitution of the United States to the same effect. Knowing the protection thus vouchsafed to us we calmly await the course of events trusting to the integrity of the State and Federal courts for the vindication of our rights if any power subject to their jurisdiction should venture to dispute them.

Our abiding trust in the sober judgment and good faith of the people of Oregon and their legislative representatives does not permit us to believe that they can be [illegible] to enter upon so hazardous a course as to attempt to take the control of our dearly acquired property practically from us. Such a high handed course would be as repr[illegible]ble and bring no less disgrace and misfortune upon the State, as repudiation of their just obligation has brought upon other commonwealths. For, it would be but a violation of plighted faith in another form, and the [illegible] of so called granger legislation in the St[illegible] of the Rocky Mountains shows that the [illegible] lending public both in this country and in Europe so regard it. What has been the experience of Wisconsin, the State in which the experiment of fixing rates for railroads by legislative enactment, has been [illegible] thoroughly than in any other [illegible] notorious Potter law did not [illegible] the Wisconsin statute book, after its [illegible]ive working had become apparent, and it [illegible] virtually repealed last winter, thus having been in force only from one legisla[illegible] to another. Because the existence of [illegible] was found to operate as an [illegible] the influx of outside capital into the [illegible] It filled every [illegible] of capi[illegible] that the violence done to railr[illegible] applied to all inte[illegible], and [illegible] ply of money for new railroad c[illegible] of which the State stood much in [illegible] ceased entirely.

The intelligence of the [illegible] of O[illegible]ders us confident that they will not [illegible] profit by the lessons of experience, [illegible] as the constitutional and legislative [illegible] to railroad companies in this State of the [illegible] to regulate transportation rat[illegible] [illegible] any attempt to curtail this right [illegible]tive. And it will be well to bear in [illegible] the very making of such an att[illegible] [illegible]ready involve deplorable [illegible] State. It would taint its [illegible] an extent that not [illegible] capital for any public [illegible] way to Oregon during the [illegible] generation. The next striking [illegible]cy of the business [illegible] for a considerable time of the [illegible] from the [illegible] freight, traffic—a [illegible] with which I believe no [illegible] United States is afflicted. It is [illegible] business which make the [illegible] roads an entirely diff[illegible] the Eastern roads which, by [illegible] grind dividends for [illegible] public, gave rise to the [illegible] The evil discussed furnish[illegible] the [illegible] the solution of the tr[illegible] which troubles us verily [illegible] complain of our freight rates. Even as it is, no [illegible] roads than are charged on [illegible] that do a three [illegible]

In conclusion, we should [illegible] feel that the people of Oregon [illegible] the undeniable and [illegible] which the investment of our railroads has conferred upon [illegible] be better for them and for us [illegible] remember the state of thi[illegible] [illegible]fore either road was built, and ask whether our money did not [illegible]ue of every acre, every town [illegible] kind of agricultural prod[illegible] to the [illegible], and what the U[illegible] Umpqua and Rogue River [illegible] without the longer road. SENATOR GROVER

Governor Grover, U S Senator elect, is a native of Maine, 43 years old and has been a resident of Oregon 25 years He has served in the Oregon Legislature two terms, and was once Speaker of the House He was one of the commissioners appointed by the General Government to audit the Indian war claims arising out of the war of 1855-6 He was a member of the convention that framed the Constitution of the State, and exercised a marked influence in that body He was the first Congressman of the State getting into Congress if we recollect aright, just in time to get out again before his successor came on He was elected Governor in 1870, and re-elected in 1874, his term to extend to September, 1878 He will have to retire from the Executive office before the 4th of next March, which by the Constitution, will devolve the governorship upon Secretary Chadwick

Grover is a Democrat of the narrow partisan school, and may find it impossible to lift himself out of the groove of small party politics in which he has been accustomed to stand. That, at least, is plainly a danger which besets him as he sets out on what will be, if he prove equal to his opportunity, a career of statesmanship If he can rise to the height of the situation, and divest his mind of the prejudices of a fossilized party, he may make himself a name and render his State much valuable service His talents and education both fit him well for the conflicts of the former. He is a gentleman in address and manners, and his habits and associations are cleanly and respectable

While Senator Grover's course on political questions is not likely to be such as we, or any Republican, can endorse, we shall take pleasure at all times in giving him such support in matters not of a party character, and in which our convictions accord with his conduct, as an independent journal may give We have done this toward him as Governor, and hope we shall find in his course as Senator as much to commend and no more to criticise than in his six years' service as Chief Magistrate of the State.

WHY NESMITH WAS NOT ELECTED.

The election of Governor Grover to the U. S. Senate, though by no means satisfactory to the masses of the Democracy, will not have the effect predicted by some, of disorganizing the party The election of some man who had the enmity of no faction of the party, if accomplished within the party organization, would doubtless have been wise, from a purely partisan standpoint. Had Colonel Nesmith been the nominee of the caucus, or had he been elected by the Democrats without a [illegible], the situation would undoubtedly be unfavorable for the party in the fall election; but after Governor Grover received the caucus nomination it was party [illegible] to elect him. Thus reasoned many Democrats, who otherwise would have preferred Colonel Nesmith; and thus reasoned all the Republicans except those who were controlled by personal considerations. The obvious policy of the Republicans was to unite on such a Democrat as would make an efficient Senator, and who could secure the votes of those [illegible] who stood aloof from the caucus and maintained their individual judgment. It was plain from the first that Colonel Nesmith was the only person who [illegible] these requisites And, besides, it was well known that his election would not be particularly objectionable to a large proportion of the Republican party, on grounds other than partisan Moved by these considerations an effort was made to bring the Republicans to unite upon Colonel Nesmith, and, with the aid of the anti-caucus Democrats, elect him Once it appeared quite probable that this combination would be effected, and, indeed there is every reason to believe it would have been, and that Colonel Nesmith would have been elected on Friday instead of Governor Grover but for the opposition of the Federal officials from this city, who went to Salem in force to prevent the coalition They were very bitter and determined in their opposition to Col. Nesmith, and succeeded in getting some three or four out of the thirty-eight Republicans to stand out. The Democratic anti-caucus power was so small that it required all, or within one or two of all, the Republicans (including Republican Independents) to make a majority, and so long as three or four could be held away from Nesmith the plan of the Republicans generally was as completely thwarted as though it had been opposed by half the Republican column The object of the Republican officials in obstructing the effort to combine on Senator Nesmith, is, of course, left to conjecture Some say it is on account of a personal animosity of Senator "Mitchell toward him, others, that it was on account of a fear of Nesmith's power in the matter of patronage Both these considerations may have had influence the latter, perhaps, being mainly potent in determining the officials to pursue the course adopted by them They were ably assisted by ex Attorney-General Williams, who seeing an opportunity to gratify a deep seated and possibly just feeling of personal hostility toward Nesmith, was on hand putting in a blow wherever he could All of them combined could control less than one in eight of the Republican members but they controlled enough

We have no quarrel with those who employed themselves with the preventing of such a combination as would have given the State Colonel Nesmith for Senator and brought infinite confusion and discord into the Democratic ranks While we can not but think they acted unwisely and, so far as can be perceived from motives not the highest we recognize their right as Republicans to contribute to the election of Governor Grover in preference to any other Democrat

If anything could cause the election this fall to disappoint the reasonable expectations of Republicans that the State will be carried for Hayes and Wheeler it is the untimely appearance on the stage of our pseudonymous Senator, who, on his own invitation is stumping the State ostensibly for Hayes and Wheeler but really for himself We have faith however that in spite of this intermeddling unwelcome to so many, the State will go for the Republican candidates though the majority to which they are fairly entitled may be cut down a little We beg Republicans to stand by their colors and elect Hayes and Wheeler and Richard Williams, Two years hence will be the time to attend to this man

The Hell Gate explosion although entirely successful in accomplishing the results expected of it was as we predicted a day or two ago but a poor show to the spectators. There was nothing much to see and very little to hear but the work was thoroughly done Immediately after the explosion, a steamer sailed over the place where the reef was without meeting with any obstructions The removal of the reef has caused a change in the current already

Mr Wm Dodge, since the publication of General Newton's sharp rebuke probably regrets that he was in such a hurry to write himself down an ass

THE VALUE OF THE LOCKS

We make the following extract from a letter of the Hon John Minto to the *Willamette Farmer* concerning the Locks at the Falls of the Wallamet

As to the value of these locks, I will submit a few figures given me by a gentleman whose daily avocations gives good opportunities for approximate correctness The freight up and down the Willamette valley may be safely placed at 400,000 tons. The difference per ton since the new owners got control of the locks and joined with the railroad company in a tariff of freights is, from Salem upon heavy articles like wheat flour etc $1 75 per ton and much greater on lighter more bulky freights like wool baled hay and light merchandise The present charges on the latter kinds being 13 cents per hundred pounds, to Salem or $3 per ton Here if these data be correct, we have the producers and consumers of Western Oregon paying more than twice the cost of constructing the locks and canal in the added freight charges of this year over last Is it not time for the State to exert its utmost power to free itself of these leech like monopolies that are thus absorbing the life blood of its commerce and profits of its labor This burden is now so heavy that the people are not in a mood for demonstrations of remonstrance; they will not waste further time in making their condition known and every member of the legislative assembly who is fit for his place knows the public sentiment upon this subject. Action, efficient, nervous action is expected at the hands of our representatives —*and nothing less will satisfy*

The Grand Lodge of Masons will meet in Olympia on Wednesday next

RUPTURE!

No More Metallic Trusses Used!

No More Suffering from Iron Hoops or Steel Springs!

THE SUPERIORITY OF OUR ELASTIC Trusses over the rigid Iron Hoops which in former days were the only resource of the ruptured admits of NO ARGUMENT

By means of this appliance the pressure on the Rupture itself can be made uniform and continuous and to the extent required in each case until a slight inflammation of the parts is secured and the consequent effusion of lymph which is essential to a healing process and from this time to the conclusion of the treatment, the pressure being entirely within the control of the patient can be lessened daily as the adhesion progresses and the body becomes sound All cases of reducible Hernia are permanently relieved without regard to the age of the patient or the duration of the injury while in its action it is wholly free from all the cruelty that has characterized the treatment of the malady with torturous Metal Trusses from the earliest age to the present day Your attention is called to the following facts

1st—There are no springs to press upon or to injure the back

2d—It is simple in construction and not liable to get out of order

3d—This instrument is worn with perfect ease while riding horseback

4th—The Rupture is retained and the pressure the same while in any position

5th—It has none of the injurious results of metallic Trusses

6th—It will perform radical cures when all others fail

7th—It is worn with ease and comfort night and day which cannot be said truthfully of any metal Truss whatever

Experience shows that all tempered spring Trusses necessarily press upon and often disease parts of the body that before were in a perfectly healthy condition Lumbago and other equally distressing ailments are not unfrequently the outgrowth of such pressure and in view of this fact it becomes a matter of decided consequence to avoid like calamities if possible

Examination Free The closest scrutiny of physicians solicited

Beware of Bogus articles called Elastic Trusses **Dr ROWE,** Inventor and Patentee of Elastic Trusses All parties infringing either by sale or manufacture will be dealt with in such manner as the law provides

BRIEF NOTES.

Legislature convenes to-day.

There is a "forest of masts" now along the wharves.

U. S. circuit court this morning. U. S. district court to-morrow morning.

The common council did not confirm any appointments Saturday evening.

The O. S. N. Co.'s steamer *Almota*, now on the stocks at Celilo, will be launched Wednesday next.

The assessment roll for the county is now being copied and in a few days will be ready for delivery to the county clerk.

E. D. Thorne and son, of this city, have gone out to the Lucky Queen mine to put up the frame work for the new quartz mill.

Miss Belle Douglas, of Baldwin's Academy of Music, has been engaged by Mr. Sawtelle as "first old woman," and is a passenger on the *Stephens*.

Capt. Cochran's new light-draught steamer for the Willamette river trade has been commenced near Smith Bros.' mills, in this city, and the large force of men employed insures her early completion.

Steam was raised Saturday in one of the new portable engines constructed at the Oregon Iron Works. She worked admirably and will be immediately got ready for exhibition at the State and Washington county fair.

The executive committee of the Woman's Suffrage Association have announced a postponement of their special meeting, heretofore advertised to meet Sept. 12th. The meeting, the committee informs us, will be held in Salem, Tuesday, Sept. 26th.

In compliance with an expressed desire on the part of some who wish to rent pews for their families, in preference to contributing by the envelope plan, the board of trustees of the Taylor street church have voted to rent a limited number of pews. They do therefore notify such interested, that the church will be open for such purpose every day this week from 1 to 3 P. M. The envelope plan will remain in force with those not renting pews.

LIST OF VESSELS.

The following is a list of the foreign vessels which have been at this port during the past few weeks; also, those now lying here, those now in the river, and those bound for Portland, tonnage, etc.: British ship *Pomona*, 1200 tons register; British ship *Duart Bay*, 935 tons; British ship *St. Andrew's Castle*, 659 tons; British bark *Corsica*, 778 tons; British bark *Arctic*, 500 tons; British ship *Armanilla*, 915 tons; British bark *Salado*, 442 tons; British ship *City of York*, 1,194 tons; British bark *Cleta*, 519 tons; British bark *Canoma*, 585 tons; British ship *Warwick Castle*, 1,158 tons; British ship *Zuleika*, 1,191 tons; British ship *Michael Angelo*, 1,174 tons; French bark *Bluche*; Norwegian bark *Adele Sabina*, 715 tons, from Montevideo; British ship *City of Glasgow*, 1168 tons, from Australia; *Cochrina*, 989 tons, from South America; *Downie Mount*, 854 tons, from Melbourne; *Dovenby*, 833 tons, from Liverpool; *Eller Bank*, 1,144 tons, from Melbourne; Swedish bark *Frederic*, 900 tons, from Hongkong; British bark *Leola*, from Australia; British bark *Mountain Laurel*, 689 tons, from Liverpool; British ship *Midlothian*, 1,085 tons, from Australia; British bark *Robert Bright*, 309 tons, from Shields; British ship *Selene*, 900 tons, from Rio; *Trowbridge*, 1,326 tons, from Australia.

COMMON COUNCIL.

A special meeting of the common council was held Saturday evening, Sept. 23, at 7:30 o'clock.

Present—Hon. J. A. Chapman, Mayor; councilmen Andrus, Catlin, Corbett, Harrington, Lambert, Skidmore, Stemme, Stephens and Wiley. W. S. Caldwell, auditor and clerk, J. H. Lappeus, chief of police.

On motion, the reading of minutes of last meeting was dispensed with and the rules of order suspended.

The committee on streets and public property reported back the petition of I. Dillon and others for a lamp at the northeast corner of Columbia and East Park streets; report adopted.

The appointment of J. B. Waldo as city attorney was taken from the table and a motion to confirm was declared lost by—yeas, 3; nays, 6.

The appointment of Thos. Connell was taken from the table and a motion to confirm was declared lost by—yeas, 1; nays, 8.

A communication from his honor the mayor was laid on the table until the next meeting.

On motion, the council adjourned.

A MATTER OF JUSTICE.

TO THE EDITOR OF THE OREGONIAN:

An item in the *Evening Standard* of the 23d inst., under the head of "Dismissed," is calculated to injure my character and create a false impression.

The facts in regard to my removal are simply these: I expect to receive orders in a few days to report in person to the Chief, Signal Office, Washington, D. C., and after my final reports from this station are examined and found to be correct, I am to be *honorably* discharged from the army.

My successor, Sergt. E Lloyd, who will arrive on the *Stephens*, can testify to the fact that every duty connected with the management of this station has been performed in a satisfactory manner. To him I refer all who have heard anything to the contrary.

HENRY FENTON,
Sergt. Sig. Service U. S. A.

PORTLAND, Sept. 24, 1876.

PEOPLE'S CONVENTION.

The People's County Convention met at Kalama Friday, 22d inst., and nominated the following ticket: Representative, Jas. B. LaDu; joint representative, Nathan Davis; joint councilman, C. A. Reed; county commissioners, Geo. P. Gray, G. F. White and George Love; sheriff, Jas. B. Stone; auditor, H. H. Holt; treasurer, S. Vestal; assessor, C. C. Bozarth; probate judge, Dr. L. H. Whitehouse; coroner, S. H. Woolsey; school superintendent, Columbia Klady. The convention indorsed the nomination of N. H. Bloomfield as prosecuting attorney for this district. The following were appointed a People's central committee: C. C. Bogarth, G. W. Rood, L. J. Smith, Major Carroll and G. F. White.

ANOTHER RALLY.

Oro Fino Theater was well filled on Saturday evening by the members of the Hayes and Wheeler club and friends of the cause. Dr. J. W. Watts made a splendid speech of about two hours' duration, in which he used up the opposition rather lively. His remarks were received throughout with general satisfaction, and had good effect. At the close of Dr. Watts' speech, the glee club sang several campaign songs, and which proved an excellent part of the programme. The band discoursed some popular airs, and the meeting adjourned. Everything augurs well for a successful campaign.

POLICE COURT NOTES.

Jack Stilly, drunk and disorderly; fined $5; paid.

J. Buckley, disorderly conduct; $5; serving it out.

Wm. Neary, drunk; fined $10; committed in default.

W. Parris, drunk and disorderly; fined $5; sent below five days.

Beardsly, drunk and disorderly; $10; paid and defendant discharged.

Chas. Johnson, drunk and disorderly; fined $15, and "defaulting," was committed 7 days.

BUSINESS NOTICES.

Hacheney & Stemme, grocers, are opening new goods almost daily.

J. McCraken & Co. have received a large importation of island sugars, and await orders from city and country trade.

The fall opening at the "White House" is announced. Mr. L. H. Lewis returned on the *Elder* and the opening of the fall novelties are complete. It is needless to state that the selection is fine, that all the ladies know, and we would advise the fair ones to make an early call in order to have the first selection.

Dr. C. M. Wood, the celebrated healer, is now curing chronic diseases at the American Exchange, Portland.

To enjoy a pleasant evening, visit the "Fountain," presided over by Peter Wilhelm. None but the best liquors, wines and beer. The celebrated Brunswick, Blake & Co.'s billiard and pool tables.

BOARD OF TRADE.

An adjourned meeting of the Board of Trade was held Saturday evening at the room, Hon. H. W. Corbett, president, in the chair.

Mr. Reid, the secretary of the Board, being absent, on motion Mr. Wm. Kapus was chosen secretary *pro tem*.

The minutes of the last meeting read, and after some slight amendments, were approved.

The bill relative to the protection of the salmon fishing interests of the State, was taken from the table, read for the information of the board.

Capt. Ankeny moved that the board recommend the passage of the bill as read, by the legislature, and that the secretary be instructed to forward certified copies of the same to the legislature—one to each branch. Motion prevailed.

The bill relating to pilotage and towage on the Columbia river having been carefully examined by the committee to whom it was referred, and reported favorably upon, was taken from the table for action, and the principal features of the bill were discussed briefly by Messrs. Ankeny, Reed, Leonard and Burrell.

Mr. Leonard moved that the board endorse the bill, and recommend it to the favorable consideration of the legislature; also, that the secretary forward a certified copy of the same to each branch of that body. Motion carried.

OREGON PACIFIC R. R. CO.

By common consent, Mr. Thielsen read a bill authorizing and providing for the construction of the Oregon Pacific Railway, which is to be presented to the Legislature for passage.

After reading the provisions of the new bill Mr. Reed offered the following resolution, which was unanimously adopted.

Resolved, That this Board of Trade heartily endorses the bill of the Oregon Pacific Railroad, as being of vital importance to the State at large, and we most earnestly request the Multnomah county delegation to use their united efforts to secure its passage through the Legislature at an early day, and the secretary is hereby directed to send a certified copy of this resolution to each member of the Legislature from Multnomah county.

Mr. Thielsen, by consent, read a petition which he desired to be circulated, in relation to the Oregon Pacific Railroad.

Mr. S. G. Reed moved that a committee of six persons be appointed by the chair whose duty it should be to circulate the above petition for signatures. Motion prevailed, and the president appointed the following persons to constitute said committee: A. P. Ankeny, H. Thielsen, Frank Dekum, M. S. Burrell, S. G. Reed, Chas. Hodge.

After the adjournment of the board, opportunity was afforded the members to come to the secretary's desk and sign the petition, of which privilege every one present availed himself.

JOINT DISCUSSION.

Dr. J. W. Watts, Republican candidate for Presidential Elector, and E. A. Cronin, Esq., Democratic candidate, will address their fellow citizens on the political issues of the day at the following times and places:

Call on M. Rosenblatt, 79 Front street, for men and boys' clothing. A large stock of fall and winter styles just received by the *John L. Stephens*. No better goods in the market.

The perfect points of all first class machines are combined in the make-up of the No. 8 Wheeler & Wilson. All who have examined it recommend it as the best now in use.

The Senatorial contest and Isaac Blum's cigars create unusual excitement in Salem, and are almost the sole topics of discussion there.

DISCOVERY.

Dr. Halpruner wishes to announce to the public that his operations and medicines for the treatment of CORNS, BUNIONS, etc., are all of his own discovery, and are entirely different from any other chiropodist's treatment on the coast. Persons afflicted with CORNS, etc., can have them treated at their residence or place of business by sending their order through the postoffice, or leaving them at J. Kohn's clothing store.

Notice to the Ruptured of Portland

That from this date Messrs. C. H. Woodard & Co. are the only and exclusive agents for Dr. J. T. Rowe's Patent Elastic Trusses. All parties selling other so-called Elastic will be dealt with in such manner as the law provides.

DR. J. T. ROWE.

LOOK AT THIS.

MRS. S. LORD will start a new crop of hair in any stage of baldness, and on a polished scalp, in from two to three months, if treated by herself, warranted permanent. No mushroom growth, money to be placed on deposit. No hair hair, no pay. Falling of the hair, dandruff and itching, checked readily. Room 21, Monnastes' Building, First street, between Morrison and Yamhill.

A TESTIMONIAL.

MRS. S. LORD—*Dear Madam*: I commenced using your Hair Producer about five months ago, my hair being thin and falling out rapidly, accompanied with an intense itching of scalp. Shortly after I commenced using your preparations, the itching ceased entirely, and the hair stopped coming out, and having used the remedy according to directions, my hair is growing thick and strong, with every prospect of being fully restored. Yours truly,

JAMES LADU, Mount Coffin, W. T.

W. L. ADAMS, M. D., A. M., LL. D., corner of First and Salmon streets, is curing the most inveterate chronic diseases of all kinds at a low price, by medicated, electric lightning cream baths, and by combining the German and French with the American improved practice, mixed with a little common sense. His treatment is, in the main, entirely original, and works almost miracles, as his numerous patients will attest. Is extraordinarily successful in treating female complaints.

Sore eyes speedily relieved. The worst form of piles cured, and the most malignant cancers eradicated root and branch without the use of the knife, or the money refunded.

PILES! NO CURE, NO PAY! PILES!

PILES OR HEMORRHOIDS, FISTULA IN ANO AND OTHER DISEASES OF THE RECTUM CAN BE CURED. Those suffering from the above distressing complaints would do well to call and see me soon, as I expect to go to Olympia in a few days, and visit other points on the Sound. I shall be absent a month or six weeks. Remember if I do not give relief and cure you, I shall not charge you for my services or the medicines used. To persons of limited means I would say, should you suffer because you are poor? My answer is, no! COME AND BE CURED. Rooms on Third street, between Washington and Alder; P. O. Box 217, Portland, Oregon. DR. C. F. WIGHTMAN.

N. B. Persons writing will please enclose stamp for return postage. Diseases of private character specially treated without mercury.

CHAS. E. BRAY,

LETTER FROM HON. A. J. DUFUR.

PHILADELPHIA, Sept. 12, 1876.

TO THE EDITOR OF THE OREGONIAN:

As I have a moment to write, permit me to say to my friends in Oregon, *thanks* for the beautiful specimens of Oregon fruit that are arriving every week. These specimens, although but few in number, are doing more for Oregon than all the Congressional aid we have received in the form of military and railroad land grants since our State was first admitted into the Union. Our commission are now at work busily examining report of jurors and declaring awards. Our State has already taken four medals and diplomas and we have only examined about one fourth of the reports that have been made. We feel satisfied that our State will carry off her full share. Our National Agricultural Congress meet at the judges' hall to-day at 3 P. M. I shall try and be present and make an official report on the agricultural resources and products of our State. My time is so fully employed in the Commission that it is impossible for me to give that attention to our stand in Agricultural Hall that I could otherwise wish. But the interest of Oregon is well attended to by Messrs. DuBois, Ryan, and Tappan, while every Oregonian who comes to the show seems to take pride in explaining to visitors the resources of our State and capacity of its soil.

Mr. Wilkins is here examining stock and is rendering us efficient aid.

Major Bruce will start for home on the 15th inst. He takes home a valuable addition to the fine stock of Oregon, as well as the highest commendations for good judgment, honesty and integrity from all the commissioners and international jurymen with whom he has associated.

California has just put two car loads of her fruit on exhibition and is trying to rectify the mistake she first made. Yours, etc.,

A. J. DUFUR,
Commissioner for Oregon.

COWLITZ COUNTY, W. T.

KALAMA, W. T., Sept. 22, 1876.

TO THE EDITOR OF THE OREGONIAN:

For some time past Kalama has been afflicted with political conventions, in fact has had them very bad, and the end has not come yet. The first in the series was a Republican primary which was captured by two or three enterprising politicians by a brilliant *coup d'etat*, but the victory proved to be a barren one and the spoils turned to ashes in their hands. The Republican county convention, which followed, was a body that promised much and performed little; it adjourned without nominating a county ticket.

The Democratic primary proved to be more harmonious than the Republican, and after dispatching its business adjourned to draw inspiration from a 5-gallon keg of beer. The Democratic County Convention followed the Republican example, and adjourned without making nominations.

The Republican Territorial Convention came next in order, and was as fine a looking body of men as one often meets in a political gathering. Their nominee, Judge Jacobs, may well be proud of the endorsement of such a body, and there is good reason to believe the people of the Territory will ratify the action there taken, and send him back to Congress.

In our county politics the majority of both parties are more inclined to inquire about the personal fitness and qualifications of the candidates than the strictness of their party record, hence the People's ticket, nominated to-day, and mentioned elsewhere, is likely to be the one elected. CYRUS NOBLE DISTILLERY, 1st Dist., O.

CINCINNATI, April 1, 1876.

MESSRS. LILIENTHAL & Co.

Gentlemen—I have just returned from a trip through Kentucky, Ohio and West Virginia, undertaken for the purpose of examining the various distilleries in those districts, and I am now more than ever confirmed in the opinion, so often expressed to you, that your distillery is the most complete, and best conducted of any in the United States.

The careful selection of your grain, the purity of the water, the slower and more cautious method of distillation, is what gives the NOBLE WHISKY its superior qualities, and has gained for it the reputation which it universally sustains throughout the United States.

Gratified that the 20 years devoted to the distillation of the CYRUS NOBLE WHISKY has been attended with such happy I trust I may be spared to continue my in its interest, and that of its many pa and consumers.

I am, Gentlemen,
Yours faithfully,
CYRUS NOBLE.

TO THE PUBLIC.—The great repu our Cyrus Noble Whisky has enjoyed in ical practice throughout the and Europe for a period of nearly 20 prompts us to bring it to the Public of the Pacific Coast for similar

Its absolute purity, having by found to be entirely free from and the improved quality its being retained in store for at to 6 years after distillation, has Physician a remedy long sought for own Materia Medica.

The certificates we hold of its in the treatment of PROSTRATION exists and vitality is ebb, as is frequently ic to our country, of DYSPEPSIA whole train of troubles, of the LIVER and the BLADDER SUMPTION, affording lief to the afflicted victim, and of disease or blood poisoning, as a disinfectant the death, are all highly believe we owe it to our the to use here.
